PROFILE

Graduated from the University College for the Creative Arts in Epsom, with a BA (Hons) graphic design degree. A multi disciplinary, passionate graphic designer, with a keen eye to detail. Communicating the concept and idea clearly for the client and target audience to understand.

Excited to use different methods to create visually and aesthetically pleasing designs. Taking on briefs with an open mind to generate fresh ideas and create design to the best possible solution.

SKILL'S AND EXPOSURE

Software:

Literate in Adobe InDesign, Illustrator and Photoshop; Dreamweaver and Microsoft Office both Mac and PC formats. Basic knowledge in Flash and animation programs.

Other:

I have a keen interest in print finishing, web design, blogs and photography, using an array of different cameras and lenses.

I have project management skills and great organisation skills, juggling several projects at once. I have a keen eye on typography, and enjoy the designing of new and exciting fonts, whether they'll be display face's or normal type face's. Enjoy's exhibitions, loud music and a cold beer in the summer time.

EXPERIENCE

TBG London (Present)

Currently working with digital advertising agency TBG London. Working on clients such as Unicef and Vodafone, designing digital adverts, websites, landing pages and WAP sites. Working with Flash and Dreamweaver, it allows me to gain more knowledge of the two programs and advertising.

YCN (04/09 — 07/09)

My most recent internship was with YCN, based in London. Working with an variety of illustrators, graphic designers, animators and photographers. Working with closely with clients such as Panasonic, Becks and small record label's. Also helping with project management updating the site's blog and brain-storming ideas.

Tanie Media (01/09 — 04/09)

Having worked a 3 month internship as a junior graphic designer, across a range of branding and printed media projects and web design. Working with clients from around Europe and across the UK. With a diverse team all from different countries.

GR/DD (09/08 — 12/08)

Working 3 months as a Junior Intern designer with GR/DD, getting involved with a variety of different projects for some major clients such as Sony Playstation, The British Museum and The National Army Museum. It allowed me to work with more digital projects, such as web sites, interactive online games and back-end web coding and html.

Stylorouge (03/08 — 04/08)

Computer Arts (2007)
